MDNA Minutes for November 14, 2018

1. Our minutes from our September 12, 2018 meeting were approved.
2. We had an extensive conversation with Supervisor Mandelman about the homeless problem in Mission Dolores. In doing so, he agreed to contact the police and ask them to focus more on various hot spots, including the southern end of Mission Dolores Park and 15th & Landers. His legislative aid, Tom Temprano, continued the discussion with board for another 20 minutes after the supervisor left for another meeting. Tom also attended the entire meeting. The full discussion lasted over an hour.
3. Gary Gee, architect, gave a presentation for his new proposed multi-unit residential building at 3233 16th Street, off Guerrero. He showed us his plans and explained that while each unit would be relatively small at 500 square feet, they were designed to function as larger units. The project sponsor also attended the meeting. The presentation and question and answer period lasted an hour.

Board members present: Peter, Donna, Lucia, Siamak, Alex, Sahar, Beverly, Stephen, Marius, Patricia, and Luis.
